The Northern Maternal Focus

Premier Offering of All Chimney Butte Ranch AI Bred Heifers

SATURDAY, OCTOBER 29, 2022

1:00 PM CST || Chimney Butte Ranch Sale Facility || Mandan, North Dakota

58 Gelbvieh and Balancer® Bred Heifers Sell - 2 Embryo Packages Sell

Sale Day Phones

Doug Hille 701-220-2083
Chris Mitchell 334-695-1371

Auctioneer

Jay Elfeldt 308-293-3049

Accommodations

Most chain hotels are located in Bismarck, ND

Air Transportation

Bismarck is served by Delta and United Express and has excellent facilities for light aircrafts.

Terms and Conditions

Terms are cash or check and settlement must be made before cattle leave the sale facility. All cattle sell under the standard terms and conditions of the American Gelbvieh Association.

Supplement Sheet

A supplement sheet will be available sale day with updated information. The supplement sheet and announcements from the block take precedence over the catalog.

Online Videos

View online videos online at www.mms.bz or www.chimneybutteranch.com

Sale Location

Chimney Butte Ranch
3320 51st Street, Mandan, ND 58554
Map and directions on back page.

Sale Cattle Viewing

All sale cattle will be available for viewing at Chimney Butte Ranch on Friday, October 28 until sale time. If you wish to view sale offering prior to October 28, please contact Doug Hille to view the cattle at the ranch.

Transportation

Transportation of the females selling is the buyers responsibility. If assistance is needed please contact Chimney Butte or MMS.

Health

All cattle sell with a valid health certificate that will allow shipment anywhere in the continental United States.

Liability

All persons attending the sale do so at their own risk. Sale hosts and/or the sale management assumes no liability for accidents, theft or damages occurring at the sale facility.

Registration Papers

All registrations on the animals selling are in order and will be transferred to the new owner. Registrations will be processed by the AGA and should be to the new owner in 45-60 days.

DCH HILLE A213 ET EMBRYO PACKAGES

PHG EMINENCE E02 Sire of Lot A Embryos

DCH TRIPLE K HUSKER G413 Sire of Lot B Embryos

DCH X102 Full ET Brother & AI Sire to DCH A213

DCH HILLE G526 2020 High Selling Red Daughter of DCH A213

Lot A & B, DCH Hille A213 ET Embryo Packages

A213 broke her ankle just before breeding as a heifer. We left her open and bred her as a 2 year old. She is the only flushmate to DCH X 102 who we sold to Warner Gelbvieh. X102 has been a very popular A-I sire. A213 produced the high selling red bred heifer in our 2020 female sale, selling to Little Sioux Gelbvieh, Jack Welle, in Iowa. She produced the high selling black bull, DCH H705 in our 2021 sale, selling to Overmiller Gelbvieh. A213 is one of the last Majesty daughters we have in our herd. A proven producer, top 10% EPD's for WW and YW, top 20% CE and BW, top 1% TM and \$COW. We do not flush many females, but the ones we do are proven producers. Either of these matings have exceptional genetic potential, and great possibilities.

Terms and Conditions of Lots A and B.

Buyer receives 5 embryos per package sell with a guarantee of 2 pregnancies per package. Embryos must be placed by a certified Embryologist. 1 replacement embryo per pregnancy not confirmed is the guarantee. Once a replacement embryo has been provided the guarantee is fulfilled. Pregnancy exams must be done by a licensed Veterinarian. All shipping cost is the responsibility of the buyer for the embryos to be shipped to the buyer. All shipping costs for replacement embryos if needed is the buyer responsibility.

Eminence, Breeders Choice Futurity winner needs no introduction. He has produced several high end females for us and other breeders. His daughters are docile, fertile, attractive and have great teat and udder structure. His progeny are sought after and semen is limited. Eminence is now deceased. His EPD's, performance and phenotype should compliment A213. This mating of two proven productive animals could produce one of the great ones for the Gelbvieh Breed.

G413, a rare black son of Cornhusker Red, raised by us, was purchased by Triple K Gelbvieh. Reports from his first calves have been exceptional. Triple K showed reserve champion balancer cow calf pair in both balancer and purebred divisions in January 2022 in Oklahoma City. Both calves were sired by DCH G413. His exceptional young dam is sired by Leverage, he has the pedigree, EPD's, performance, and phenotype to produce top shelf seedstock. Top 10% for CE EPD's, top 15% for WW and YW, Top 15% for MB, top 10% \$COW and top 5% FPI. His numbers compliment everything A213 has to offer. This mating has the potential to produce breed leading seedstock.

GE EPDs. Due 3/15/23 to DCH Hagar H719 with a Heifer calf.
These good looking, productive, Dollar females always get the second look. Her dam, A231, has achieved dam of merit. The Tye influence in the maternal and paternal pedigrees, almost assures a productive female. The Hagar H719 calf she carries has even more potential with the C169 genetics behind H719. There are many bred females sold each fall, this one is special and the heifer she carries is even more special. Take time to look really close at this one.

GE EPDs. Due 3/15/23 to PHG Eminence E02 with a Bull calf.
An outcross pedigree compliments this great looking female. Her sire C169 is deceased and very little semen is available. The Eminence bull she is carrying should be a good one as the epd,s, performance and phenotypes compliment each other nicely.

GE EPDs. Due 3/15/23 to DCH Triple K Husker G413 with a Heifer calf. Heifers with this much rib, volume, and structure combined with the broody female look are really hard to find. Alumni and Leverage are in her sires pedigree. The G413 heifer calf she is carrying will add a second replacement female to the buyers herd. Big volume, big hip, great mating, combine to give this heifer great opportunity.

GE EPDs. Due 3/15/23 to DCH Triple K Husker G413 with a Bull calf.
Let's talk maternal power. The maternal grand dam, P196, achieved dam of merit 3 consecutive years, and dam of distinction 7 consecutive years, no other female we have raised has reached this level of production. The mating with G413 could give that sale topping bull. Sale lots 20 and 28 also carry the influence of P196.

GE EPDs. Due 3/16/23 to DCH Hagar H719 with a Heifer calf.

An attractive deep bodied female that will be a great mama cow. Her maternal grand dam, Y276, a Majesty daughter, has achieved dam of merit 2 times. Her maternal great grand dam has achieved dam of distinction two times. She is carrying a Hagar H719 heifer calf. A proven productive sire and a strong maternal pedigree should make for a great mama cow.

GE EPDs. Due 3/16/23 to DCH Triple K Husker G413 with a Bull calf.

Smooth, feminine and looks like she will be a great mama cow. Her maternal grand dam T111, achieved dam of merit 5 years consecutively, and Dam of Distinction 3 times consecutively. She is carrying a bull sired by the G413 bull. The extra dimension and rear end on G413 should compliment the phenotype of this heifer.

GE EPDs. Due 3/16/23 to DCH Hagar H719 with a Bull calf.

A moderate good looking female with a proven sire. Caesar has given us many good productive daughters. The maternal side is strong. Her dam, a Tye daughter has achieved dam of merit 3 times and the maternal great grand dam has achieved dam of distinction status. She carries a bull sired by H719 Hagar. If red genetics are your choice study the video close, she has alot to offer.

GE EPDs. Due 3/16/23 to DCH Hagar H719 with a Heifer calf.

AGA has not identified her sire. Her dam is a Tye daughter suggesting she will be a great female as most Tye influenced females are. She looks the part of a great mama cow. She is carrying A heifer calf sired by H719 Hagar. We will post updates on the website and supplement sheet when her sire is identified.

GE EPDs. Due 3/16/23 to DCH Hille C169 with a Bull calf.

When Chris saw her sire he was impressed with the looks and structure of 18F. Maternal power comes from her dam who is a dam of merit, her grand dam who achieved dam of merit 4 times and her maternal great grand dam who also achieved dam of merit. The C169 Bull calf she is carrying is really loaded with potential. Look at the C169 EPDs, they are hard to duplicate. C169 is deceased and there is very limited semen available. One of the last opportunities to put C169 genetics in your herd.

Due 3/16/23 to DCH Hagar H719 with a Bull calf.

A calf born in the pasture, we did not register the calf because we did not identify her mother. She was too good to put in the cull pen. A great looking commercial heifer carrying a bull calf from H719 Hagar.
